

B1 ceiling junction box

Light hook

- for retrofitting ceiling boxes (EN 60670)
- with M5 thread, fully-insulated

Order number:	1226-55
EAN:	4013456354203
Length of shank	55 mm
Diameter hook	26 mm
Overall length	81 mm
Thread length	10 mm
Dispatch	150

The new B1 ceiling boxes simplify installation on the ceiling formwork. The innovative conduit entries allow the easy laying of the conduits in multiple ceiling boxes arranged in a row without the need for cutting during laying work. The higher conduit entries make additional cut-outs of the reinforcement bars unnecessary, and speeds up the fitting of empty conduits on the ceiling.

- Suitable for all types of formwork
- Flat front part makes possible the trouble-free fitting of the reinforcement bars on the ceiling formwork
- Innovative conduit entries for fast fitting on the building site
- Plenty of installation space
- Fitting of a light hook acc. to DIN EN 60670
- The tried-and-tested KAISER colour system ensures fast testing of the installation
