product description: The cross-over is used to connect cable trays that cross over on one level running through cable trays of the same width.

Connect by inserting the cable tray directly into the accessories and securing it with NIXSM 6X10 bolts. To protect the cables, the bolt head is inside the cable tray.

configuration: IX - stainless steel AISI 304 (AISI 316, AISI 316L only to order)

sales amount: á 1 pc

certification: EN 61537:02

storage: EN 60721-3-1
